8	23162	11	CAPPS	CAPPS HR/Payroll	No	Performance Mgmt	Medium	Low	Agency Admins approving PM documents.	Agency Administrators can have the workflow directed to them for approving Performance Documents. Currently only the 2nd level Manager is approving documents if template is configured for that process/workflow.	List of Agency Administrators will need to be created with current Agency Administrator role(s).	This is a configuration to templates that agencies use. This will allow smaller agencies that have a flat "reports to" structure to have an approval process without second level managers.	*Acceptance Testing-Statewide	Statewide 10/11 — 10/15 Agency 10/18 — 10/22 PRD 10/29/2021
9	8506	5.17	DPS	CAPPS HR/Payroll	Yes	Reports	Low	Medium	New dual employment query.	Agency wants to run a query that shows any employees dually employed at another agency.	The State Employees Employed by More Than One State Agency does not show SAD1 employees. Agency is requesting a simple query that shows all employees dually employed.	Since Query Manager Won't allow agencies to view other agency information, I suggest we create a view that can, in turn, be used as a query.	Assigned	TBD
10	28637	4.43	TCEQ (582)	Talent Management	Yes	Reports, Recruiting	Medium	Medium	Recruit - Staffing Workload Report.	Update the Recruiting – Staffing Workload Report as follows: 1. Add the Recruiter Name to the report.  FYI: The grand total by CSW Statuses is present and that piece does not need to change.	Update the Staffing Workload report in CAPPS Recruit OBI to remove the total submissions completed, update the # Submissions Completed in the pivot heading, and add the recruiter.
